### **EXAMINER'S AMENDMENT**

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

Claims 1-3,9-37 and 43-72 have been canceled as directed to invention non-elected without traverse in the election of 12-20-2006.

In claim 42, line 1, the term "claim" has been amended to --any one of claims--.

### **REASONS FOR ALLOWANCE**

The following is an examiner's statement of reasons for allowance: The prior art of record does not disclose, in a method of working metal comprising forming a low deformation resistance region crossing the body by heating at a section of the body spaced by cooling units and shear deforming the body by twisting the body, wherein the metal body is moved in a direction in which a deformation resistance has been reduced to quickly cool and quench the low deformation resistance region at a cooling location.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
